## LUCKNOW BECOMES UP'S FIRST ZERO FRESH WASTE DUMP CITY

- **100% Scientific Waste Processing:** With the commissioning of the third Shivari Solid Waste Management Plant, Lucknow now has the capacity to process over 2,100 metric tonnes of waste daily. This matches the city's total daily waste generation, effectively ending the need for open dumping of fresh waste.
- **Land Reclamation and Future Power:** The city has already cleared over 12.86 lakh metric tonnes of legacy waste, reclaiming 25 acres of land at the Shivari site. The municipal corporation now plans to establish a 15 MW Waste-to-Energy plant to turn RDF into electricity, further reducing the environmental footprint.
