## RBI ISSUES FEMA REGULATIONS, 2026

- Shift to the "Automatic Route":** The new regulations significantly expand the scope of guarantees that can be issued without prior RBI approval. A person resident in India can now act as a surety or principal debtor automatically, provided the underlying transaction (such as a loan or trade) is not prohibited under FEMA and complies with borrowing/lending eligibility rules.
- Unified Quarterly Reporting:** To streamline oversight, the RBI introduced a standardized reporting framework. All guarantees—including their issuance, modification, and invocation—must now be reported to Authorised Dealer (AD) banks using the new Form GRN. This must be done on a quarterly basis within 15 days of the end of the quarter.
